### **2018-2019 CPR Guidelines American Red Cross (Review)**

AHA Vs Red Cross CPR. The AHA (American Heart Association) and the Red Cross (completely known as the American Red Cross or ARC) are two institutions that offer medical trainings to laypersons and medical professionals about certain basic life support procedures like the CPR.

### **Difference Between AHA and Red Cross CPR**

What's the difference between American Heart Association and Red Cross CPR training? Which one is right for you? Both offer a wide variety of courses that help save lives, so the choice depends on your individual need.

### **Difference between AHA and Red Cross CPR Training Programs**

Cardiopulmonary resuscitation (CPR) is an emergency procedure that combines chest compressions often with artificial ventilation in an effort to manually preserve intact brain function until further measures are taken to restore spontaneous blood circulation and breathing in a person who is in cardiac arrest. It is recommended in those who are unresponsive with no breathing or abnormal ...

In 2013, the Legislature passed HB 1556 to create initiatives in high schools "to save lives in the event of cardiac arrest." Every school district that operates a high school must offer instruction in CPR to students. Beginning in the 2013-14 school year, instruction in CPR must be included in at least one health class necessary for graduation.

### **Requirements for CPR/AED Instruction**

CPR and BLS both are important part first aid training. I got my fingers crossed while differentiating between the two. After diving deeper down I found that both are too much coupled to each other that many people refer it as same but there do exist a slight difference among them.

### **Difference Between CPR and BLS - Online CPR Certification**

We respond to an emergency every 8 minutes. No one else does this: not the government, not other charities. From small house fires to multi-state natural disasters, the American Red Cross goes wherever we're needed, so people can have clean water, safe shelter and hot meals when they need them most.

The National Safety Council (NSC) is a 501(c)(3) nonprofit, nongovernmental public service organization promoting health and safety in the United States of America. Headquartered in Itasca, Illinois, NSC is a member organization, founded in 1913 and granted a congressional charter in 1953.

### **National Safety Council - Our Mission is Safety**

Introduction. Irrespective of the cause of cardiac arrest, early recognition and calling for help, including appropriate management of the deteriorating patient, early defibrillation, high-quality cardiopulmonary resuscitation (CPR) with minimal interruption of chest compressions and treatment of reversible causes, are the most important interventions.
