Removing apps from an iPhone or iPad has always been an easy endeavor, and you can easily uninstall any iOS app from a device in just seconds. Of course iPhone X, iPhone XS, iPhone XS Max, iPhone XR and 3D Touch iPhone models can still quickly delete apps from the home screen too, but because of some hardware features of those devices, deleting apps may appear like it works differently.

How to Delete Apps from iPhone XS, XR, XS Max, X and 3D ...

If you have broadband from BT at home you can get a £5 discount on mobile plans with us. You don't need to be the account holder - you simply need to live in a house or flat with a broadband connection from BT.

Apple seems to have a strange point of view when it comes to adding Calculator app to its devices. To this day iPad does not have a stock iPad Calculator app and it does not seem like it is going to get one any time soon. Apple Watch does not have a stock watchOS Calculator app either, which is a shame since it would be very convenient to performs quick calculations without having to take your ...
