A B; money supply: all the money available in the united states economy: liquidity: the ability to be used as, or directly converted to, cash: demand deposit

Quia - economics chapter 10

Chapter 10 deals with how our Government chooses to spend the money it receives from various revenues it collects that were discussed in Chapter 9. Here we deal with the basic fundamentals of the government as a provider and protector, looking at how spending decisions are made and how choices of what to spend on are decided.
