Preparing for IB Chemistry Paper 3. The Option forms a much smaller fraction of the overall mark if you are studying it at SL. It is also worth noting that the Option takes about the same amount of recommended teaching time in both SL and HL (about 13.5-14%). However, for HL students, the Option is significantly more important and so preparation should be very thorough.

These questions all come from the Human Biochemistry option. Important to know that no questions exist for B1 or B6. I've checked environmental chemistry for questions relating to B6 syllabus points, but a search through all papers in the last 15 years suggests these syllabus points have yet to be examined by the IBO, which means they might be keen to introduce questions this year so students ...
