### **Die Wolke (The Cloud) (2006) - Rotten Tomatoes**

Gudrun Pausewang's 1987 novel Die Wolke (Fallout), about a large scale nuclear accident/disaster in what was then still West Germany and its devastating, far reaching consequences, was published only one year after the 1986 Chernobyl incident and is in my opinion a heavy-duty, gripping, generally painfully unpleasant (albeit also very much engaging and important) reading experience, suitable ...
