Create A Graph - National Center for Education Statistics

I appreciate Christopher Danielson's post on common numerator fraction division because it's important to examine how various algorithms work and how we can help our students become more flexible with their thinking. It's not surprising that I teach fraction division using rectangles, and I really believe the kids seem to grasp it better because it's visual.

Fraction Division via Rectangles - Finding Ways

Graph definition, a diagram representing a system of connections or interrelations among two or more things by a number of distinctive dots, lines, bars, etc. See more.
