Human Endocrine System Study Guide - Videos & Lessons ...

Endocrine System Study Guide. The endocrine system is in charge of processes that happen slowly, such as the growth of cells. The glands and hormones of the endocrine system influence almost every cell and organ in the body. Hormones are the body's chemical messenger. They send important information from one set of cells to another.

Endocrine System Study Guide

Human Endocrine System. The human endocrine system modulates several processes of the body by the function of hormones. The endocrine system secretes hormones that control how bodily functions work. Thus, the human endocrine system watches over and coordinates all the systems of the body with the use of hormones.
