“The categories in sequence below reflect the rough chronology of my developing interests, from the 1960s to the present. I continue to have an interest in, and continue to write in, earlier fields, such as economic history (categories 1–6)—my 2010 book, for example, *Bourgeois Dignity: Why Economics Can’t Explain the Modern World*, tests the explanations for the Industrial Revolution ...

Unlike a brainstorming meeting, where the goal is to come up with new ideas, a critique meeting is focused on evaluating a set of existing ideas, and possibly identify future directions or changes. Instead of hoping informal discussions will resolve hard issues, its worth setting up a specific critique to drive a design forward.

Human history in California began when indigenous Americans first arrived some 13,000–15,000 years ago. Coastal exploration by Europeans began in the 16th century, and settlement by Europeans along the coast and in the inland valleys began in the 18th century. California was ceded to the United States under the terms of the 1848 Treaty of Guadalupe Hidalgo following the defeat of Mexico in ...

local sawmill selects that particular tree to cut. As this tale makes clear, Chesnutt adapts and explodes trickster conventions. The ruses of trickery in the various tales might work for awhile, but they serve more importantly to convey the horrors of enslavement, which is where the second level of trickery occurred in *The Conjure Woman*. By allowing Uncle Julius to relate heart-wrenching ...

Introduction. Individual decision-making about consumption has been the subject of many theories and approaches. In this paper, we are interested to propose some steps to include consumer decision making and behaviour in formal models, trying to do this in a more realistic way than the neoclassical theory.

In a sense these five approaches are far broader than 'community work' - especially the last, service extension. As Thomas argues: The correct relationship is that community work is a contribution to each of these approaches and, perhaps more importantly, we need to be aware of the range of other contributions that are possible and desirable, and whose value may have been obscured by the ...
