Mathematics - High School - North Central College

This book is a guide to the development and use of performance tasks and rubrics in the high school mathematics classroom. It contains a rationale for, and a discussion of strengths and limitations of, performance tasks to assess student achievement and progress in mathematics. A field-tested process is offered for developing performance tasks and rubrics.

A Collection of Performance Tasks and Rubrics. High School ...

The New York Performance Standards Consortium was founded two decades ago on the belief that

there was a better way to assess student learning than dependence upon standardized testing.. Instead of basing a student's future on a one-day (or two- or three-day) test, an assessment system should reflect a fuller picture of what students know and can do.
