This is an excellent interview, which I will be returning to re-read. As someone who has been directly involved in research and speculation about this matter for some 20 years now, it is refreshing to see someone who can direct the force of years of independent research at what will turn out to be one of the most crucial topics in human cognitive evolution, and may supply the keys to the many ...

When it comes to job interviews, we often see it as a one-way street, with the interviewer holding all the cards. In reality, though, it's a two-way interaction. You are also interviewing them to see if their company is the right fit for you. Sure, sometimes desperation means you don't have that ...

10 Questions to Ask in a Job Interview | The Art of Manliness

The human body is capable of doing a wide variety of movements, in a variety of environments. But my guest today argues that most modern people only do a few movements each day, commonly find themselves stuck in sterile surroundings, and that these confinements are sapping our physical and psychological health. His name is Erwan Le Corre [...]
