### **February - May 2019 ISACA Certification Exam Candidate Guide**

The current state of cybersecurity is quite simple: each day presents a new set of threats/vulnerabilities. Business have discovered - the hard way - the costs of not investing in an experienced InfoSec Team, and certifications such as ISACA's CISM, Certified Information Security Professional. This new perspective has been gradually changing the information security market, and papers ...

### **CISM: Why you should do it and how to pass the certification!**
