Writing a Great Mission Statement Mission statements describe why your company or business unit exists. Great mission statements go a step farther in that they are short and memorable, communicating in just a few words the company's focus.

### **Mission Statements - One Page Business Plan**

The Technology. Permanent settlement allows Mars One to use technology that is not substantially different from existing systems. The hardware specifically needed for this mission still needs to be designed, built, and tested extensively but the technology already exists.
