I was chatting in one of my recent posts with tethys\_1684 about making icons. Now I know most icon makers use Photoshop but I learned and have continued to use Paint Shop Pro by Corel. I am currently using the PSP X2 Ultimate edition and after almost two years of using this program everyday I still...

So I use PSP8 and I haven't used it since about Thursday. Since then I had to bring my computer in to have some Malware removed now when I try to open PSP8 I get the box that says 'Paint Shop Pro has encountered a Problem and has to close.' Then asks if you want to send a report or not. Could this be because I brought it in to be fixed?
