### **Parents - ED.gov**

By Catia Malaquias Disability, unlike many other human variables (e.g. wealth, skin colour, culture, religion, language etc) is not usually passed from generation to generation. Most parents do not have direct experience of living with disability, yet they find themselves making life-influencing decisions for their child which are affected by the limits of their own...Continue Reading

### **3 Myths of "Special Education" - Thoughts for Parents ...**

It is very important that children who receive special education participate in the general education curriculum as much as possible. That is, they should learn the same curriculum as children without disabilities—for example, reading, math, science, social studies, and physical education.
