Best Answer: Bible paper is fairly traditional for rolling certain types of rolled smoking devices, and I don't see why it wouldn't work for a cigarette. The paper used in most bibles is the same as rolling paper, just not gummed. Use a page without ink as the ink could be bad for you (I know not about printer ink but pen ink is a petroleum by-product, do not want).

Hemp rolling papers come in a variety of thicknesses and have a thicker feel than rice rolling papers do. The textured feel of hemp papers gives the smoker a good grip and makes for super easy cigarette rolling. This type of rolling paper stays lit better and has a mild, pleasant taste that is musky or sweet tasting.
