Project Management For Dummies Cheat Sheet - dummies

Simply great info on project management This is an excellent book on project management. I have been working with project management for many years and I did not have high expectations for this "...for dummies" listen, but I was very positively surprised. The UK version I listened to is very well narrated.

Project Management for Dummies - audible.com

The tools you need for successful project management In today's time-crunched, cost-conscious global business environment, tight project deadlines and stringent expectations are the norm. Now with 25% new and updated content, Project Management For Dummies, 3rd Edition introduces you to the principles of successful project management and shows you how to motivate any team
