By default SMB version 1.0 is enabled in Windows Server 2016. As this was last needed in Windows XP and Windows Server 2003 it's quite old, newer versions of SMB are more secure and have additional features.

### **Disable SMB Version 1.0 in Windows Server 2016 - RootUsers**

I think there's an intrinsic attitude among tech people to make things better, to see actual results. Particularly with automation, when you show a colleague how they can stand up a test environment in just a few steps, you don't need metrics—you can see on their face how happy they are with what the technology can do.
