#1 BEST Paper Plane - Circle Paper & Straws Airplane - DIY Paper Toys (S.T.E.M.)

Tape the paper loops to the ends of the straw as shown below. (notice that the straw is lined up on the inside of the loops) hat's it! Now hold the straw in the middle with the hoops on top and throw it in the air similar to how you might throw a dart angled slightly up. With some practice you can get it to go farther than many paper airplanes.

The Incredible Hoop Glider! - ScienceBob.com

Put a paper clip at the bottom of the small hoop. Make a really long Hoopster with two straws. Cut a little slit at the end of one straw and pinch it so it fits inside the other straw, then tape them together. Make a double Hoopster with two little hoops side by side on one end and two big hoops side by side on the other.
