The author's ...

Survival Strategies: Cooperation and Conflict in Animal ...

In an irresistible style, Raghavendra Gadagkar explores the strategies of cooperation and conflict adopted by animals--from the lordly lion to the primitive wasp worker--as they choose mates, raise their young, communicate with others, and establish the division of labor necessary to feed and protect the group and safeguard their territory.

Survival Strategies: Cooperation and Conflict in Animal ...

The monograph explores the basis of cooperation and conflict in animals using Hamilton's rule of inclusive fitness and Maynard Smith's Evolutionary Game Theory. Progression through the material presented is superb -- Gadagkar first poses a few questions to the reader, then he goes on to build a theory to explain them, and then revisits the ...
