The Interpersonal Communication Book 11th

Interpersonal communication is the skill set used between two individuals, with one acting as a sender and the other acting as a receiver. Surprisingly, even this relatively simple form of communication is fraught with many types of problems

Six Critical Interpersonal Communication Skills - Legacee

In simple terms, interpersonal communication is the communication between one person and another (or others). It is often referred to as face-to-face communication between two (or more) people. Both verbal and nonverbal communication, or body language, play a part in how one person understands another. In verbal interpersonal communication there are two types of messages being sent: a content ...
