No matter how good your gear is, if you're unable to haul it because of sub-standard footwear, it will prove useless in the field. Today's tactical boots combine tough materials and unbeatable design to keep your feet dry, warm and comfortable, even after hours of hard walking. When you're out on the trail, stalking your latest prey, you may not notice the many hazards present.

In chess, a tactic refers to a sequence of moves that limits the opponent's options and may result in tangible gain. Tactics are usually contrasted with strategy, in which advantages take longer to be realized, and the opponent is less constrained in responding.. The fundamental building blocks of tactics are move sequences in which the opponent is unable to respond to all threats, so the ...
